ABSTRACT

This selected, annotated bibliography covers general Canadian resource materials. The bibliography is divided into two parts. Part one is a national bibliography of materials about Canada in general which includes guides to bibliographies, retrospective (history) materials, current materials, newspaper and periodical directories and catalogs, periodical indexes, and government documents. Part two contains materials about individual provinces, particularly the Atlantic provinces, Quebec and French Canada, Ontario, the prairie provinces, British Columbia, and the Yukon and northwest territories. In each section, entries are listed alphabetically by author. (ND)

THIS DOCUMENT HAS BEEN REPRODUCED EXACTLY AS RECEIVED FROM THE PERSON OR ORGANIZATION ORIGINATING IT. POINTS OF VIEW OR OPINIONS STATED DO NOT NECESSARILY REPRESENT OFFICIAL NATIONAL INSTITUTE OF EDUCATION POSITION OR POLICY

This selective bibliography covers Canadian publications in general. It does not include specialized bibliographies devoted to particular Canadian subjects although guides to historical materials of a very broad scope are listed.

The following students' guides concerning specific subjects are available at the Reference Desk: Canadian Ethnology, Canadian Literature, Canadian Politics and Government, Canadian History (in progress), Canadian Biography, Polar Regions, and Le Québec, guide bibliographique en histoire. A number of useful guides to Canadian government documents are available from the Government Documents Department of this library. The Law Library has prepared a Selective Bibliography of Canadian Legal Sources.

Some Canadiana materials held by McGill libraries are not listed in the union catalogue in the McLennan Library. For example there is an extensive French Canadian pamphlet collection available in the Rare Book Department where a card file of these materials is maintained. The Lande printed catalogues (see section I.B. 2) cover the Lande materials while additions to the collections are listed in a file in the Lande Room. Titles in the Arkin collection of Western Canadiana are also listed in a file in the Lande Room where the material is located.

Additional bibliographies of Canadiana may be found by using the library's subject catalgoues and by consulting bibliographies of bibliographies which cite bibliographies published as books, parts of books, or as periodical articles.

This bibliography is divided into two parts: I. National Bibliography and II, Provincial Bibliography. Please note that materials dealing with French Canada exclusively are included in the provincial section. Bibliographies of Canadian theses have not been included here but are listed in A Guide to Theses Location and Verification Tools Available in the McGill Libraries (available at the Reference Desk).

The reference librarians in the McLennan Library and in other McGill libraries are pleased to direct you to additional sources for information relating to Canadian studies.

This bibliography was compiled by Elizabeth Silvester, Reference Department, McLennan Library.

Ryder, Dorothy E. Canadian Reference Sources, a Selective Guide. Ottawa, Canadian Library Association, 1973.

The most comprehensive guide to Canadian studies so far published. A selective bibliography which covers Canada in general, the provinces and territories and three cities: Montreal, Toronto and Ottawa. Based to a large extent on the National Library's holdings, it attempts to cover reference materials to the end of 1971. Arrangement is in the following main categories: general reference works, history and allied subjects, humanities, science, social science and law. Each of these subjects has numerous subdivisions. Full bibliographic data and annotations in English are provided for

each entry. There is an author-title and limited subject index. The first supplement to this is planned for publication in 1974. In the meantime "Canadian Reference Works 1972 - A Selection", by Dorothy E. Ryder appeared in Canadian Library Journal, v. 30, no. 4, July - August, 1973, p. 346-351 (Z673 .C18 Ref.).

At the beginning of part I there is a Tools of Research Section - 848 titles covering both primary and secondary sources for the study of Canadiana history. The rest of part I is arranged topically by broad subject with many subdivisions. Parts II, III and IV provide chronological arrangements for Canadian history from the earliest times onward. From 1940 to 1970 indexed some 80 Canadian periodicals of which about 75% were in the French language and mainly in the social sciences and humanities. Includes a number of periodicals not indexed in the Canadian Periodical Index. Uses a classified arrangement by subject and indexes some parts of books, and reports as well as periodical articles. Volume 31, 1970 of Culture has an index for volumes 1-31.

A number of the published library catalogues and regional bibliographies in this guide include periodical articles and may be used to supplement the inadequacies of the indexes listed above. In addition it is useful to remember that the Canadian Government Publications Catalogue (see section I.F) indexes Canadian government published periodicals and the 19th Century Readers Guide (Cutter AI .N62 Ref. Index Stands), and Pooles Index (AI3 .P7 Ref. Index Stands) index some 19th century Canadian periodicals.
